Piippo Oy manufactures materials that are intended to come into contact with food.

Piippo Oy is controlled by a municipal food control authority (Environmental Health Department of North Karelia / Pohjois-Karjalan Ympäristöterveys) in Outokumpu. Piippo Oy is registered in the control register of the Finnish Food Safety Authority (Ruokavirasto) as is stipulated in the Finnish Food Act 23/2006 21 clause a. Regular controls have been made at Piippo Oy since 2014. The municipal food control authority inspects relevant parts of quality and product safety management systems of Piippo Oy in planned control visits at the Mill. These inspections have verified that quality and product safety management systems are found to be comprehensive and functional and they assure compliance of the food contact materials with the requirements.

STATEMENT

Control and inspections at Piippo Oy have been made regularly and according to the control plan of the municipal food control authority. According to these inspections the manufacturing process and the quality of products made by Piippo Oy fulfill the requirements of national and EU regulations. According to the information given to the authorities the manufactured products do not contain substances that could endanger human health.

Country of origin of product: Finland

This certificate is valid for three years starting January 1st 2020, if there are no changes in production or raw materials.
