

# GT-Xtreme

BATTERY STRAPPING TOOLS  
FOR PLASTIC STRAP

GT-Series is the battery strapping tool range by Siat Maillis that provides you the best solution for tough environments.

STRAPPING

# GT-Xtreme

GT-Xtreme is the newest model launched by Siat to support its customer working in hard environments. Design associating to Siat concept is particularly suitable for demanding environments and very high number of cycles!

## SPECIFICATIONS

- Package type:** Flat surface (min. 120 mm)  
Round surface (min. diam. 700 mm)
- Strap quality:** PP/PET
- Strap Width:** 16 mm / 19 mm
- Strap thickness:** from 0.7 mm up to 1.27 mm
- Max. tension on single strap:** 4.200 N
- Max. tension on the package:** 8.400 N
- Max. Tension speed:** 9,0 mt/min
- Joint type:** Friction weld seal
- Weight:** 4 Kg. (inc. battery)
- Battery:** Akku Power SP5 18 Vdc 5 Ah Li-Ion

## KEY FEATURES

- » Weight: 4 Kg including battery (the lightest on the market)
- » Functioning mode: automatic / manual
- » Brushless motor with encoder
- » Perfect handling
- » Robust plastic cover with natural rubber handle
- » Front & rear guides adjustable for the strap dimensions
- » Conical gear box to improve performances
- » Stainless steel components to avoid rust

## OPTIONS

- » Additional Akku Power SP5 Battery 18 Vdc - 5 Ah Li-Ion
- » Battery charger for Li-Ion Battery Akku Power

Ergonomic handle with non-slip rubber

Soft mode to better control of the tensioning phase

Visible parameters (tensioning force, welding time, battery charge level)

USB connection.

Battery removal system.

## GT-SERIES KEY FEATURES

- » Easy to use tool. The lightest in the market for its category
- » Compact and ergonomic design with non-slip rubber handle
- » Efficient operation due to good balance
- » Simple and user-friendly interface
- » Digital display with visible parameters
- » Low maintenance required, due to brushless motor
- » Suitable for different strap sizes: i.e. 16 mm and 19 mm (0'5/8 and 0'3/4)
- » Stable performances due to Li-Ion battery technology (with no "memory effect")
- » Option to lock the keypad in order to improve safety
- » Easy removable casing for quick maintenance

## STRAPPING IS NOTHING WITHOUT CONTROL

Siat new **GT-Xtreme** moto is: Same look new heart as the machine is design based on Siat milestones: perfect balance, perfect handling (thanks to the low weight), reliability and strength, adding the efficiency of bevel gears into the gearbox and highest performance due to the brushless motor and the overtime durability given by stainless steel components!

Thanks to the new BMS (Battery Management System) the tool can check the battery status and can interact with it through the electronic board. The Battery (depending on the application and usage of the machine) can reach up to 300 cycles per single battery charge, and more than 500 charge and discharge cycles. The power and high energy of the GT-Xtreme battery will allow you to work without stopping.  
PN C521012320Z

Universal Battery charger will ensure protection on thresholds for temperature and internal pressure of the charging batteries to improve quality and increase battery life.

### SIAT AND MAILLIS GROUP

SIAT is the famous Italian Brand of strapping hand tools, semi-auto wrappers and case handling machines, and helps form part of the Maillis Group. Operating 5 production units around the

world and employing over 1,200 qualified staff, Maillis provides you with reliable system solutions incorporating machines, consumables and services to face your everyday challenges across different industries.

SIAT S.p.A is recognised worldwide as a top-class machine manufacturer for secondary packaging and produces more than 17,000 machines per year, and has done since 1970. Our product range includes semi-automatic as well as fully automatic machines like Case Sealers and Case Erectors, Stretch Wrappers, Strapping Tools / Machines, Flexographic Printing Machines and Tape Dispensers. The company is present in more than 100 countries and is constantly investing worldwide to meet customers actual and future demands.
