

# Agility Mat dog sports mat

Very good grip for lateral turns.

Agility mat is made of Zedlan™, a foamed vinyl. It is a rugged mat for dry environments. It is important that the dogs' claws are trimmed. The mat's optimum temperature is 17°C. Its orange peel-patterned surface layer provides an excellent grip and is ideal for agility.

- Very good cushioning and springiness.
- Very good grip on the mat for lateral turns.
- Fitted by experts.
- Easy to look after, vacuum or wipe off with mild detergent.
- Available in grey, blue and black.
