

Reach Regulation (EU) 1907/2006 – Declaration of conformity

Herewith we confirm that, to the best of our knowledge, all constituents covered by the regulation 1907/2006 in the following product (3605020064GS) supplied by Swede Wheel AB, have been pre-registered in the period from the 1st June to the 30th November, 2008 at the European chemical agency (ECHA).

This statement covers substances relevant to virgin and recycled polymers used in the production of 3605020064GS.

Furthermore, we closely monitor the registration status for every critical substance for which we are a down streams user, to prevent any supply shortage that could follow a failure by our suppliers to register a certain product under REACH.

RoHS Compliance Certificate

We hereby certify that the polymers used in the production of 3605020064GS do not contain stated substances above the limit values as listed in the Directive 2011/65/EU (RoHS2) & 2015/863/EU (RoHS3).

Stated substances are not used as raw materials, listed as components in used raw materials or in any other indirect way knowingly involved in the manufacture of stated materials. Neither are the chemicals formed during production by any intentional or otherwise known chemical reaction.

The raw materials are not regularly analysed for contaminations of stated chemicals, however no products used in our production are known as potentially containing these chemicals in levels above what can be considered naturally occurring trace amounts.

The information in this certificate is provided in good faith and according to the best of our and our suppliers present knowledge.
