Dear Mrs. Monin,

The following information should answer your questions concerning our products:

STYRON* 678E Clear Polystyrene (83140)
Food and Drug Administration (FDA)

STYRON* A-TECH* 1200 Polystyrene (117602)
Food and Drug Administration (FDA)

When used unmodified for food contact applications, these resins will comply with the U.S. Food and Drug Administration Food Additive Regulation 21 CFR 177.1640. These polymers are allowed for use with all food types under condition of use A-H as defined in Table 2 of 21 CFR 176.170(c).

The use cited above is subject to good manufacturing practices and any limitations, which are part of the regulations. The regulations should be consulted for complete details.

Please submit future Environment, Health and Safety inquiries to our Customer Information Group via one of the following methods: Email: styroncig@styron.com or call: 888-789-7661. Your inquiry must contain the complete Styron product name(s) and specific request for information on regulation(s) or issue(s). Please also include your Company name, complete mailing address, phone and fax numbers. For all other information, call your Styron Representative or distributor. Thank you for your interest in Styron products.

Sincerely,

Neal Wassberg
Global Product Leader
Styron LLC
