

# Dooddlebug™ Pad Holder

## Ref 6474

Technical data sheet

TDS 134

Date: January 2021

### Product Description:

The Scotch-Brite™ Pad Holder is an integrally molded rectangular plastic base plate attached to a universal plastic adaptor to fit all types of handles. The bottom of the base plate has molded hooks to allow an easy and efficient grip on all types of Scotch-Brite™ pads.

The swivel allows easy maneuverability for a large variety of applications.

### Special features:

- Rectangular base plate for easy cleaning of corners and hard-to-reach areas.
- Universal swiveled adaptor for a great ease of use.
- Fully molded base plate with hooks for an efficient grip of Scotch-Brite pads but also easy removal.
- Outstanding resistance to most cleaning chemicals allowing a large variety of applications.
- Excellent resistance to high temperature. Can be autoclaved (sterilization).
- Superior dimensional stability Remains flat.

### Product application:

The Scotch-Brite Pad Holder is the essential complementary tool for most cleaning, scrubbing, or stripping operations of horizontal or vertical surfaces, flat or not (tanks). Allows easy cleaning of hard-to-reach areas.

### Instructions for use:

Position the selected pad under the base plate and press firmly with a twist or back and forth motion to allow fibers to be gripped in the hooks.

### Scotch-Brite pads:

Sizes: 117 x 254 mm

Ref 8448: Red Pad

Ref 8242: Blue Pad

Ref 8440: White Pad

Ref 8541: Brown pad

Ref 8550: Hi-Pro pad

Ref 8600: SPP

### Caution:

Do not allow the holder to be immersed in harsh cleaning solutions or extreme pH value solutions for prolonged periods.

Do not use with solvents. Do not store on a hot surface.

After use, rinse both pad and holder with clear or soapy water.

Store flat.

### Color and sizes:

Color: Red

Dimensions : L x W x H = 230 x 96 x 8mm (base plate)

### Product Characteristics:

Typical weight: 180 g

Total height: 150 mm

Minimum height: 55 mm without the pad

### Packaging and printing:

Holders: 10 holders per case.

Kit: 1 holder + 1 pad Ref 8440 + 1 pad Ref 8541 – 6 kits/case.

Each case is marked with the name of the product, the reference number and manufacturer's name.

**Shelf Life:** Unlimited

**Waste disposal:** Used or damaged holders can be incinerated.

**Product Origin:** Made in UK
