

## SPP Floor Pad (Surface Preparation Pad) Doodlebug™

For total or partial stripping operation without chemical

Technical data sheet

TD144

TD144. Date: August 2011

Supersedes: May 2011

FG. Page 1 / 1

### Description:

The Scotch-Brite™ Surface Preparation pad (SPP) is a premium quality floor stripping pad, made of high quality synthetic fibre, in a non-woven construction. Abrasive particles are dispersed throughout the thickness and bonded with a durable adhesive. The Doodlebug™ SPP pad is a rectangle pad to be used in corners, borders, baseboards and other hard-to-reach areas.

### Special Features:

- High stripping power that speed up removal of old finish.
- Coated with specialized abrasive for rapid, smooth removal of floor finish.
- Can be used for partial or total removal of finishes.
- Used with water or neutral cleaner instead of harsh stripping chemicals.
- No slippery residue from strippers.
- No stripper cleanup on baseboards or nearby floors.
- No user exposure to stripping chemicals; no stripping chemical residue on clothes and shoes.
- Consistent performances.
- Durable pad.

### Where and When to Use:

RPM	150-400
Strip	XX
Scrub	X
Spray	
Buff	

XX Designed for X suitable

The Scotch-Brite™ SPP pad is used with standard speed rotary floor machines – swing machines and scrubber dryers – for wet or dry stripping floor finishes on various surfaces such as wood, vinyl tile, sheet vinyl, marble, terrazzo, concrete...

### Directions for Use:

1. Install under 3M Doodlebug™ holder.

2. Use a neutral detergent or water.
3. Scrub the floor.
4. Rinse the floor with 3M Easy Clean or 3M Easy Express flat mop system.
5. Apply new coats of finishes or use 3M Scotch-Brite™ Sienna and Purple diamond floor pads if appropriate.

### Maintenance of pad:

1. Remove pad the holder.
2. Rinse wash under tap water or spray water. Do not let dirty pads dry before washing.
3. Rinse and let dry dry.

Note: Do not machine wash.

Note: The Scotch-Brite™ Surface Preparation Pad is designed to be used on both sides.

### Disposal Informations:

Discard into appropriate container, for incineration.  
Packaging material: recyclable.

### Product Characteristics:

Colour: Maroon  
Marking: "3M SPP" white logo on one side  
Thickness: 10.0 mm  
Dimensions : 254 \* 117 mm  
Fibre type: Nylon fibres  
The pad is not significantly affected by water, detergents and cleaners normally used for floor maintenance.

### Aggressiveness (Schiefer Value):

Typical value: 4.0 g.

3M value : 4 grams
