X-Guard® Posts

Our posts are available in two different sizes, Standard 50x50 and Premium 70x70 mm. The colours for the Standard post are RAL 1018, RAL 3020, RAL 5005 and RAL 9011 and for the Premium post RAL 1018. The posts can also be tailored to specific customer requirements. Almost all of Axelent's posts have 100 mm gap to floor.

The extension is available in all four different colours.

The Standard 50x50 mm post is available in four different heights; 1400, 1500, 2000 and 2300 mm. The extension for this post is; 750 mm.

The Premium 70x70 mm post is available in three different heights; 1400, 2000 and 2300 mm, with extension 750, 1300, 1900 and 2200 mm.

Edging is an accessory for plastic and sheet metal panels. This is used to cover the distance between the post and the frame of the panel. The edging is available in three heights; 750, 1900 and 2200 mm.
